EDUCATION

Universidad Israel Quito, Ecuador
Bachelor's Degree in Informatics *June 2026*

EXPERIENCE

Self-Employed Remote
Freelance Full Stack Developer *Jan 2026 – Present*

- Designed and shipped 4 production web applications for clients in loyalty, real estate, tech media, and web services, deployed on Vercel with custom domains.
- Built full-stack solutions with React 18, TypeScript, Supabase, Firebase, and Tailwind CSS, implementing authentication, real-time databases, and Row Level Security.
- Reduced API calls by ~60% on Inmuebles Latam with React Query server-state caching; applied Schema.org structured data and SEO best practices across client sites.

Punto593 Ecuador (Remote)
Full Stack Engineer *Feb 2024 – Jan 2026*

- Core developer of Ganafy (ganafy.com), a multi-tenant SaaS loyalty platform with Apple Wallet and Google Wallet integration serving small businesses across Ecuador.
- Built the application with Svelte, TypeScript, Supabase, and PostgreSQL, including real-time point tracking, QR scanning, push notifications, and an analytics dashboard.
- Implemented multi-tenant architecture with Row Level Security, role-based access control, and automated wallet pass generation for iOS and Android.
- Developed the onboarding flow and admin dashboard that let businesses launch a loyalty program in under 10 minutes, plus marketing automation tools for client retention.

PROJECTS

Inmuebles Latam inmuebleslatam.com
React 18, TypeScript, Vite, React Query, Zod, Vitest

- Real estate directory with 500+ listings across Ecuador, Mexico, Colombia, and Peru; 50+ components, advanced filtering, and Schema.org SEO.

ZonaTech Latam zonatechlatam.com
Astro 5, React islands, Tailwind CSS 4, Sanity CMS

- Tech news blog for Latin America using Astro partial hydration and Sanity as a headless CMS so editors publish without code changes.

HazMiWeb hazmiweb.vercel.app
React, TypeScript, Supabase (Auth, PostgreSQL, RLS)

- Web services platform with PostgreSQL schema design and Row Level Security for multi-user access control.
